[AUGUST, MDCCLXVI.] THE [NUMB. 35.]

SOUTH-CAROLINA AND COUNTRY GAZETTE; JOURNAL.

Containing the freſheſt Advices, both Foreign and Domeſtic.

TUESDAY, AUGUST 12, 1766.

NEW-YORK, June 30.

The following is the Copy of a Letter from the principal Merchants in London, trading to the Colonies, ſent by Expreſs when the Act for repealing the Stamp-Act received the Royal Aſſent; which Expreſs has not yet arrived, that we have heard of, in any Part of America; except it be the Veſſel caſt away on the Coaſt of South-Carolina.

LONDON, MARCH 18, 1766.

GENTLEMEN,

WE have now the Satisfaction of informing you by Capt. Wray ſent by us Expreſs in the Ship Diſpatch, that the Bill for repealing the Stamp-Act received the Royal Aſſent this Day.

To enumerate the Difficulties which we have had in this Affair, would be a diſagreeable Taſk to us; as it may ſeem calculated to enhance our own Merit, at the Expence of Characters whom we reſpect for their Situation, however they may have been induced to act a Part we could not approve or thoroughly reconcile to the true Intereſt of the Britiſh Empire.

Neverthleſs we think ourſelves intituled, from the Pains we have taken to ſerve you, to the Privilege of imparting our Sentiments on your paſt and future Conduct, with that Freedom and Impartiality which Obſervation and Experience dictate.

You muſt know better, than to imagine that any well regulated Government will ſuffer Laws, enacted with a View to publick Good, to be diſputed by lawleſs Rioters, with Impunity.

There is no Government ſo perfect, but that through Miſinformation, and the Frailties even of the moſt elevated human Underſtandings, Miſtakes, or, at leaſt the Appearance of ſuch, may ariſe in the Conduct of Affairs, even in the wiſeſt Legiſlature—but, is it juſt, is it tolerable, that without Proof of Inconvenience, tumultuous Force ſhall be encouraged by a Part, to fly in the Face of Power eſtabliſhed for the Good of the Whole? We are perſuaded, Gentlemen, that you cannot be of that Opinion, and that you will exert your utmoſt Endeavours to cancel the Remembrance of ſuch flagrant Breaches of publick Order, and manifeſt your Gratitude and Affection to your Mother-Country, which by the Repeal of this Act has given ſuch inconteſtable Proof of her Moderation.

What Sentiments you ought to entertain on this Occaſion, and what Conduct we would wiſh you to obſerve, will ſufficiently appear from our former Letter, dated 28th Feb. laſt, and ſent by the firſt Conveyance, the Moment we could inform you, with any Degree of Certainty, what was likely to be the Fate of the Stamp-Act.——[For this Letter, ſee No. 23.]

We ſhall only obſerve, that under Providence, you are indebted for this Event to the Clemency and paternal Regard of his Majeſty for the Happineſs of his Subjects, to the publick Spirit, Abilities and Firmneſs of the preſent Adminiſtration; and to the Humanity, Prudence, and Patriotiſm of the Generality of thoſe who compoſe the Legiſlature, and the moſt conſiderable Perſons of every Rank in this Kingdom.

We hope, Gentlemen, that this Conduct in the Britiſh Legiſlature; provoked by the moſt irritating Meaſures on your Side, will for ever be a Leſſon to your Poſterity; as it is the moſt convincing Proof, that if by any Means Laws are, or ſhould be, enacted, detrimental, or ſeemingly oppreſſive to any Part of the Britiſh Subjects; the Britiſh Legiſlature will, at all Times, with the utmoſt Tenderneſs conſider every Grievance, and redreſs them the Moment they are known.

We cannot but acquaint you, that had the Americans endeavoured to acquieſce with the Law, and dutifully repreſented the Hardſhips as they aroſe, your Relief would have been more ſpeedy, and we ſhould have avoided many Difficulties as well as a few unanſwerable *mortifying Reproaches on your Account.*

Such however is the Patriotiſm and Magnanimity of thoſe in Power, that, unaffected, by the Conduct of many on your Side the Water, and the ſtrenuous Efforts of an Oppoſition here to every Meaſure of Lenity and Indulgence towards America; they are endeavouring to eſtabliſh its Commerce in particular, as well as that of the Britiſh Empire in general, upon the moſt ſolid Foundation, and the moſt extenſive Plan of Utility.

On your Parts, we hope, that nothing will be wanting to obliterate the Remembrance of what is paſſed, by ſetting the Example yourſelves, and promoting the like Sentiments in others; of a dutiful Attachment to your Sovereign, and the Intereſts of your Mother-Country, a juſt Submiſſion to the Laws, and Reſpect for the Legiſlation; for this you are moſt effectually promoting your own Happineſs and Security.

By a Conduct like this, Gentlemen, you will both encourage and enable us to ſerve you with Zeal on future Emergencies, ſhould any ſuch ariſe; and to ſupport our mutual Intereſts; the Intereſt of the Colonies, which are inſeparable from the common Intereſts of Great-Britain, with Efficacy and Succeſs.

We are, Gentlemen, your aſſured Friends,
and very humble Servants,

[*Signed by Fifty-five of the principal Merchants trading to North-America.*]

TWO or three ſingle Men, of good Characters, will be taken as Boarders in a creditable Houſe. For Particulars, enquire of the Printer.

STOCKHOLM, April 15.

THE Houſhold of the Prince Royal, as it is to be after his Marriage with the Princeſs of Denmark, is now ſettling, and the States are going to eſtabliſh a Fund for the Support of it. In the Letter they wrote to the King relative to agreeable Allowance, after expreſſing their Joy upon the Occaſion, they ſay, that though the publick Exigences of the State are very burthenſome, they have nevertheleſs unanimouſly reſolved to pay as a Marriage Preſent, for three Years ſucceſſively, the ſame Contribution as was granted by Way of Free-Gift on Account of the Funeral of the late King, and the Coronation of his preſent Majeſty.

Paris, May 5. By a private Letter from the Eaſt-Indies, dated September 3, 1765, we have the following Particulars: Baron Law de Lauriſton, Commiſſary for the King, and Commandant-General of the French Settlements in the Indies, has concluded a private Convention with Lord Clive, Commander of the Engliſh Troops, by which it is agreed, that there may be in the Fort of Chandernagor five French Officers, ſome European Soldiers, and 100 Seapoys; and much the ſame Regulations are ſtipulated for Patna, Caſſimbazard, and other Forts.

We hear there has been a ſecond Revolt at Madrid, and that the Populace were going to ſet Fire to ſome of the Royal Palaces, and other Buildings, but were ſtopped by the Mediation of the Jeſuits, who appeared on the Roofs of the Houſes, and proteſted that they could not ſurvive the Ruin of the Country; and further declared, that if the Inſurgents perſiſted in their Deſign, they would remain where they were, and fall a Sacrifice to the Flames.

Naples, April 12. The Eruption from Veſuvious continues in ſeveral Streams of Lava, each of which takes a different Courſe. The moſt conſiderable of them runs on the South Side of the Mountain towards the Tower of Annonciade, and reaches upwards of three Miles, but has a great Way farther to run, before it will reach the Plain; and the curious Obſervers think that Misfortune will not happen. If all the Matter which this Vulcano has emitted for this Fortnight paſt, had been in one Stream, very conſiderable Damages would have been done by it. This Phænomenon attracts Abundance of Foreigners hither.

Several more Paintings, and a Marble Statue, have been diſcovered in the antient City of Pompeia. The Paintings repreſent Gallies with ſeveral Oars; and the Statue exhibits a Woman in the Egyptian Dreſs, crowned with gilded Flowers. On the Pedeſtal is the following Inſcription.—— L. CÆCILIUS PHOEBUS. POSUIT I. D. D. D. There have likewiſe been found, beſides this Statue, ſeveral Remains of curious Sculpture.

LONDON, May 10.

The new Deciſion of Parliament, on the important Affair of the Orders of Arreſt iſſued by Secretaries of State, is a great Advantage, particularly for Mr. Wilkes, who will not fail to avail himſelf of it, and to demand a Revocation of the Sentence, which proſcribed him; and it is apparent, that all the Proceedings carried on againſt him will be declared null, as not being founded on the Laws and Conſtitutions of the Kingdom.

Letters received very lately from Paris make no mention of General Lally's Death.—They ſeem rather to intimate the contrary, as they take no Notice of a Supplement publiſhed to his Memorial, wherein he accuſes Mr. d'Ache, who commanded the Squadron, which fought ſo often with our Fleet in the Eaſt-Indies, as the principal Cauſe of the Diſaſters which happened to the French in that Part of the World. All the other Officers employed there, one only excepted, are accuſed in this Memorial and Supplement.

Oxford, May 7. There is now living in a Village in this County, a moſt extraordinary Clergyman, who hath ſo enured himſelf to a ſedentary Way of Life, that for 3 Months paſt, he has been riveted to his Elbow Chair. In this Situation he hath conſtantly ſlept, and ſtill continues to ſleep, except on a Sunday, when it is remarkable he always wakes, goes to Church, performs the Duty of his Function, eats a hearty Dinner, drinks moderately, ſmokes his Pipe, and when Monday returns, falls to his uſual Lethargy until the next Sunday. Upon this Computation he only lives about 52 Days in the Year, and is perhaps the only Man upon the Face of the Earth, who enjoys an intermitted Exiſtence.

"UPON the preſent happy Proſpect of Affairs, permit me with a Heart full of Joy, moſt ſincerely to congratulate you; for an Addition to the Repeal of the Stamp-Act, the Ports of Kingſton and St. Lucia, in the Iſland of Jamaica, and two Ports on the Iſland of Dominica are made free Ports. The Duty on Molaſſes reduced to one Penny per Gallon; and ſeveral other Hardſhips will be removed, we hope, this Seſſion, though theſe laſt have not yet paſſed the Royal Aſſent, they have paſſed the Commons, and may be fully expected.—I hope the Merchants trading to North-America will now be looked upon as the true Friends to that vaſt Country, as certain it is, that nothing in their Power has been wanting in ſupporting their juſt Rights; notwithſtanding—it is evident Truth, that the Welfare of both this Kingdom and her Colonies depend on their entire Union; which ſurely muſt now be the Caſe, as every Thing that can be wiſhed, is now, or will be done for you, before the Breaking up of the Parliament."

We hear that Richard Burke, Eſq, Secretary to Lord Rockingham, a young Gentleman of Ireland, with the moſt ſhining Talents that have appeared for a long Time, and a moſt ſanguine Friend for the Intereſt of America, exerted himſelf nobly in bringing about the above Reſolves.

Extract of another Letter from London, May 10, 1766.

"As for our Affairs abroad, they are on a pretty good Footing; for though it is natural to expect that our ancient Enemies, the French, will always endeavour to avail themſelves of our Diviſions, when Opportunity offers, they are by no Means in a Condition to break with us at preſent; great Talents, both Civil and Military, are ſcarce with them, and their publick Revenue is much embarraſſed. Add to this, that there is much internal Diſturbance among them, and a Spirit of Liberty burſting out in ſeveral of the Provinces, to the Annoyance of the Crown, as you may ſee by what little Intelligence of that Kind reaches us; but by far the greateſt Part of it is ſuppreſſed by the Authority of their Government over the Preſs. Neither have we any Thing to apprehend from the Family Compact, once ſo formidable in our Eſtimation. The Spaniards, you ſee, fully ſenſible of their having been long the Dupes of French Councils, and yet ſore with the Senſe of what they lately ſuffered, by being ſo unſeaſonably lugged into a War againſt us, have at length (a very uncommon Incident in that Country) plucked up a Spirit, and obliged their King to diſcard his obnoxious Miniſter, who, preſuming on the Strength of his Maſter's Favour, had dared to introduce ſome fooliſh Alteration in their Dreſs, of which they are very tenacious.—— Things being thus circumſtanced on the Continent, the Peace of Europe is not likely to be ſoon diſturbed."

It was reported that one or more of the preſent Adminiſtration, who were Friends to North America, would reſign ſoon after the breaking up of Parliament;——of theſe, the Duke of Graſton was ſaid to be one.

We hear that Martin Howard, junior, Eſq; late of Newport, Rhode-Iſland, now in London, is appointed Chief Juſtice of the Province of North-Carolina.

We hear from New-Jerſey, that Abundance of Damage has been done there by the great Rains which fell on Thurſday Night, Friday and Saturday Sen'night. It is ſaid the Cloud from whence the heavy Rain fell, did not extend further to the North than Bound-Brook.——But in other Parts, about Spotſwood, Second-River, &c. the Floods there have been very great, and ſwept away all before them, not a Bridge or Mill for many Miles was left ſtanding.—— We have already heard of the Loſs of between 20 and 30 Mills.

We hear, that between Kenderhook and Albany, there has lately been diſcovered, a moſt valuable Spring of Water iſſuing out of a Rock, of the hot Kind; the Bathing with which, and drinking the ſame, has already cured many Diſorders, and that great Numbers of People afflicted with different Calamities reſort thither daily.

On Sunday laſt, the Right Honourable Lord Hope arrived in this City from Maryland.

ST. JAGO DE LA VEGA, *(in Jamaica)* June 28.

To his Honour ROGER HOPE ELLETSON, *Eſq; Lieutenant-Governor and Commander in Chief, in and over this his Majeſty's Iſland of Jamaica, and the Territories thereon depending in America, Chancellor and Vice-Admiral of the ſame.*

The humble ADDRESS of the ASSEMBLY.

WE, his Majeſty's moſt dutiful and loyal Subjects, the Aſſembly of Jamaica, return your Honour our unfeigned Thanks for your Speech, at the Opening of this Seſſion.

It is with the utmoſt Gratitude, that we conſider the Removal of William Henry Lyttelton, Eſq; our late Commander in Chief, as a ſignal Inſtance of that paternal Regard, which our Sovereign (ever attentive to the Complaints of his diſtreſſed Subjects) extends to the remoteſt Parts of the Britiſh Empire.

Embarked as you are with us in one common Cauſe, it is with Pleaſure we receive the Appointment of your Honour to ſucceed in the Government of this your native Country, as the higheſt Teſtimony of his Majeſty's gracious Intentions towards us; fully confiding that the many Injuries we have ſuſtained, in our Commerce, our Credit, and our Conſtitution, from the violent and arbitrary Proceedings of the laſt Adminiſtration, will as far as poſſible be repaired, by your Honour's mild and conſtitutional Deportment.

Permit us therefore, Sir, to expreſs our moſt ſanguine Hopes, (founded as they are on the ſtrongeſt Aſſurances) that you will become the happy Inſtrument of accompliſhing all thoſe beneficial Purpoſes, ſo indulgently deſigned by the beſt of Kings, ſo ardently wiſhed for by your Fellow-Subjects in this Iſland, and ſo obviouſly neceſſary at this Juncture for their general Peace and Security.

At the ſame Time we beg Leave to ſympathize with your Honour in the tendereſt Feeling, for the multiplied Calamities this Iſland labours under; we are forced to confeſs ourſelves at a Loſs for Words to repreſent the extreme Inconveniences to which we are more particularly expoſed, from the Want of Money to ſupport our internal Circulation, even to the accommodating ourſelves with the Neceſſaries of Life.

This Evil, no leſs detrimental to the Manufacturers of our Mother-Country, than fatal to ourſelves, (we reflect with Concern) has taken its Origin from the rapacious, and unconſtitutional Conduct of our late Commander in Chief, not only in his baniſhing from our Ports that ineſtimable foreign Commerce, through the Channel of which alone, our Supplies of Currency have been heretofore obtained, but in ſtopping the ordinary Influx of Money into the Treaſury for almoſt two Years together, by reiterated Diſſolutions of the Aſſembly.

From theſe unfortunate Sources, hath ſprung the preſent diſtreſſed Condition of our Country, and although it renders us unable to bear the Preſſure of additional Burthens, yet, ſhall we with the utmoſt Chearfulneſs endeavour to provide for the neceſſary Exigencies of Government, in the beſt and moſt convenient Manner, our unhappy Circumſtances can admit of.

Convinced of your Honour's ſincere Deſire, to cultivate the general Good, as well as of your ready Concurrence in every Meaſure, conducive to the publick Service, we who entertain the ſame generous Reſolutions, ſhould be wanting to ourſelves, and to thoſe we repreſent, did we not proceed to the important Buſineſs before us, with ſuch Temper, Firmneſs, and Moderation, as may be moſt acceptable to your Honour, eſſential to the Objects of our Meeting, and conſiſtent with Juſtice, and the Truſt repoſed in us.

Your Honour's early Attention to revive the free Importation of Bullion, by diſcountenancing as far as in you lies, the Exaction of certain Fees, which with a Variety of other ſcandalous Exactions, connived at by our late Commander in Chief, have proved ſo notoriouſly diſcouraging to the few Traders who have ventured hither ſince the Peace, cannot but manifeſt to the whole Iſland, the diſintereſted Maxims, your Honour has adopted, and your Determination to ſave (if poſſible) this deareſt Commerce of our Country, from periſhing, beneath ſuch accumulated Oppreſſions.

This auſpicious Dawn of your Government, your Knowledge of the Conſtitution of your Country, your Zeal to reinſtate and ſupport it upon its former happy Eſtabliſhment, and your benevolent Diſpoſition to promote Harmony between the different Branches of the Legiſlature, all concur in offering to our View, the moſt pleaſing Proſpect that our Grievances will be effectually redreſſed, and Union, Order, and Tranquility fully reſtored among us.

Give us Leave to aſſure your Honour, that we ſhall, on our Parts, with the moſt grateful Sentiments, conſult every Means in our Power, to render your Adminiſtration, ſalutary to the People, eaſy and honourable to yourſelf.

To which his Honour was pleaſed to return the following Anſwer.

Mr. Speaker, and Gentlemen of the Aſſembly,

MY beſt Thanks are due to you for this Addreſs, and for the Aſſurances you give me of making a Proviſion for the Exigencies of Government; which as it is a Grant his Majeſty and your Country have alike a Right to expect from you, ſo it cannot fail of recommending you to a Continuance of the Royal Favour and Protection, and of creating the faireſt Impreſſion in the Minds of thoſe whom you repreſent.
